

Quality Policy

Our company's quality policy is to economically produce products of a quality that satisfies customers and to supply them at the time desired by customers.

In order to realize this quality policy, the company establishes quality objectives appropriate to the management environment of the relevant year, and all executives and employees concentrate their efforts on achieving the quality objectives so as to do their utmost to ensure that both customers and we ourselves are satisfied.

Furthermore, the quality system, including the quality policy, must be documented, and it must be understood and implemented at all levels within the company, and continuously maintained and developed.

President & CEO Yujin SMRC A.T. Corp.
